Question

Show me daily sessions for the last 14 days

Answer

Here's your daily sessions data for the last 14 days:

- Summary:**
- **Total Sessions:** 179
 - **Average per Day:** 11.9
 - **Peak:** 20 sessions (April 26)
 - **Low:** 3 sessions (May 5)

The data shows fluctuating daily activity with a notable peak on April 26 and some lighter days early in May. The detailed breakdown table above shows each day's session count from April 21 through May 5.

Sessions by Date

date	sessions
2026-04-21	11
2026-04-22	18
2026-04-23	7
2026-04-24	7
